

HD HomeRun[®] DUAL

Quick Start Guide

 SiliconDust

1. Connect signal source
(antenna/cable)
(one input supplies both
internal tuners)

2. Connect Ethernet
(Network) Cable

3. Connect Power Adapter
(5V / 1A)

4. Install HDHomeRun software
and follow set up instructions.
Then open your preferred
DVR software (such as
Windows Media Center)
and run a channel scan.
