

Welcome to your
new product

**WORKS WITH
OUR DVR SERVICE.
2 MONTH FREE TRIAL.**

Watch and record live TV. Your way. On your terms
www.hdhomerun.com/dvr-services for more info.

Quickstart Guide

STEP 1

Connect your HDHomeRun

Connect your antenna or cable source.

Connect to your network or home router via Ethernet cable provided.

Connect Power. The green Ethernet light will power on.

STEP 2

Download our FREE app for live TV

For Desktop goto www.hdhome-run.com

For mobile and smart media boxes get the app from your preferred app store.

STEP 3

Go to my.hdhome-run.com

This is to configure your device.

You can update the latest firmware, set your preferences, and activate our **DVR service** from here.

Please review your HDHomeRun device.

Thank you for purchasing our product. If you have any questions regarding your **HDHomeRun device**, please reach out to us at www.hdhome-run.com, where we can answer queries you may have about your new product.

If you're completely satisfied with your purchase, a five star review is the biggest compliment. Please leave a review with the specific retailer site from which you purchased this HDHomeRun device.

Environmental Protection

Waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interferred operation.

FCC §15.105: - This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radiocommunications. However, there is no guarantee that interference will not occur in a particular installation.

This device complies with Industry Canada ICES-03 CAN ICES-3(B)/NMB-3(B)
